

# REVUE THOMMEN®

MADE IN SWITZERLAND SINCE 1853

## LET'S SEE WHAT SIZE BRACELET YOU HAVE.

Print the following page at 100% scale. Do not resize it. (To make sure you have printed it at 100%, place a bank card in the box at the bottom of the page. If the card fits perfectly, it's 100%).

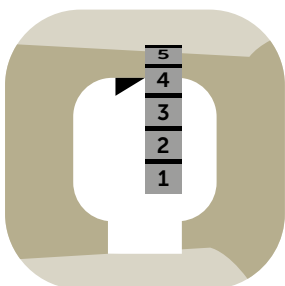

**1**

Cut out the measuring tool. Then place the wider end where on your wrist. For a more accurate measurement, you can use a piece of tape to hold the wider end in place.

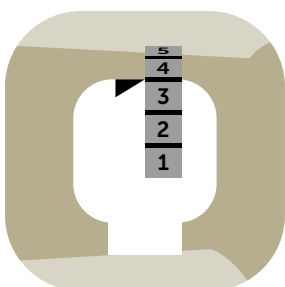

**2**

Wrap the measuring tool fairly tightly around your wrist, holding it in place where you will wear a watch. Make sure the tool fits snugly and does not slip.

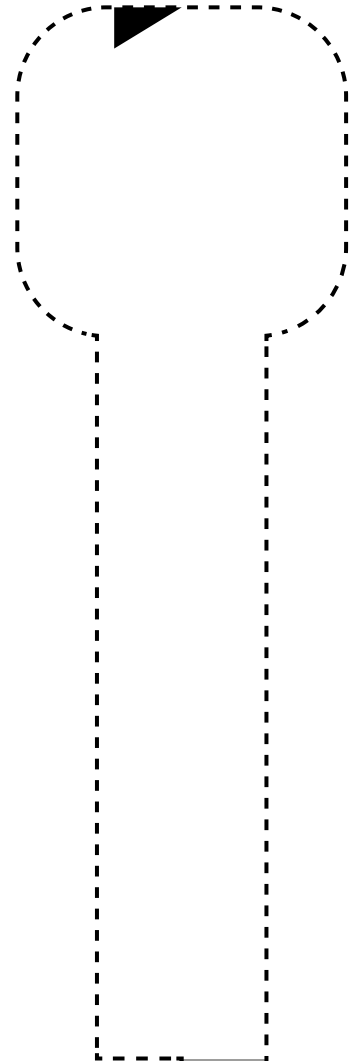

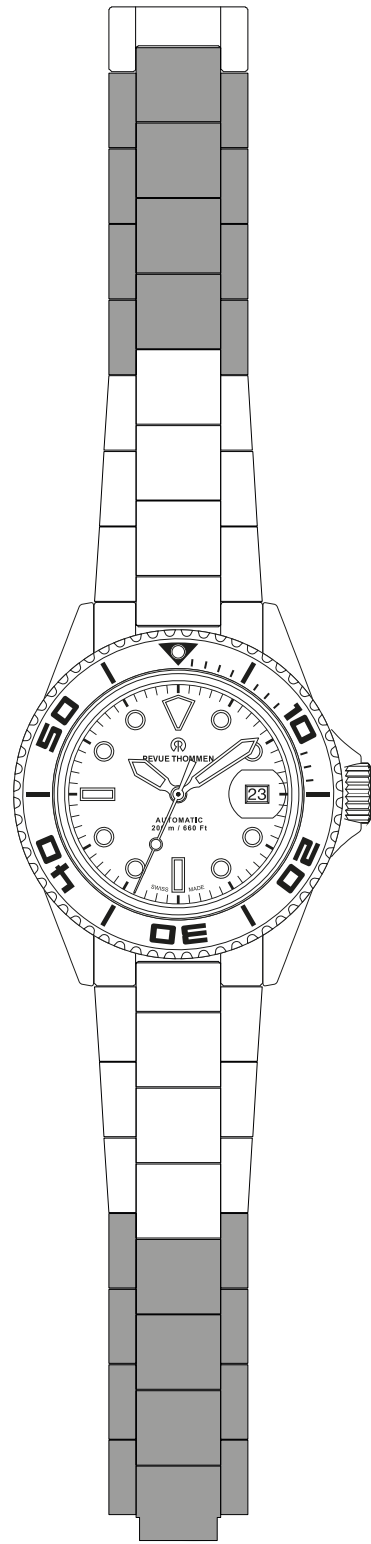

**3**

Take note of the number the arrows point to: this is the number of links to remove from your bracelet.

**4**

If the arrows point to a line, choose the smaller of the two numbers on either side of that line.

Place a bank card here  
to ensure that the measuring tool  
has been printed 100%.
